Use the \$18,000,000 City Traction fund for starting good city-owned auto bus lines. Lord & Thomas could praise the present traction companies all they wanted then and the dailies could suppress all complaints in consequence. But the people of Chicago would then have good transportation that they could boss themselves.

The Home Brewery is not only Chicago's youngest brewery, but it is one of her most successful. No brewery in the United States ever achieved success in such a short time as the Home Brewery. Its beer already has a reputation among the lovers of good beer as being par excellence. The Home Brewery also bottles its beer and a case can be had by calling on Humboldt 9810.—Advertisement.

## HOYNE'S FAME NATIONAL

The Courageous State's Attorney Would Make an Ideal Candidate for Vice President.

Macley Hoyne is the one Democrat in the West who has attracted the attention of the country on account of his fearless administration of his great office.

The New York state's attorney has frequently attracted nation-wide attention by his attacks on grafters. Chicago, the central metropolis of the country, holds the attention of the American people to a greater extent than any other city.

That is why Macley Hoyne is today a National Character.

His fearless prosecution of crooked policemen, who believed themselves to be all powerful, has won for him a place in American politics that will grow with time.

This was only one of a hundred victories won by him for the cause of right and justice.

Illinois could have no stronger candidate for National honors to offer to the Democratic party at St. Louis next summer.

There is no Illinoisan named in any party for high national preferment now, whose record can at all compare with that of Hoyne.

He has done things.

And what he has done has been for the public good.

Wilson and Hoyne would be an invincible combination.
